**Profiles:** Our Wall Bases are T304 SSTL #4 brushed finish and are available in the following profiles:

- Cove Base
- Cove Corners
- Flat Base
- Flat Base Corners

**Features and Benefits:** Our Stainless Wall Base protects against heavy foot traffic and bridges the transition from floor to wall so you can easily and completely clean your floors. Our stainless steel product easily holds up to mechanical mops and carts, making cleaning easy. The #4 brushed finish of our stainless wall base beautifully protects against kick, scuff and impact blows, providing unique and attractive wall base solution.
